The Village Hall has charitable status and therefore needs to keep proper accounting records and retain them for six years.

- Cheque books, used or partly used
- Cash book.

Management Committee Financial Policy - General Statement

The Village Hall Management Committee is expected to be prudent in its actions to ensure that the Charity is financially sound.

The Committee is in fact managing a business, whose principal income is hiring the hall.

The main expenses relate to the day to running costs, service charges, insurance and licenses and the cost of maintaining the fabric of the building in such a way as to make it a welcoming venue for Community activities.

The Committee is fully aware that operating without a sound business/organisational plan and making financial decisions without up to date and accurate financial records is not prudent or advisable.

Good practice demands financial planning integrated with wider organisational planning, good management practice, proper risk assessment and a sound framework within which decisions can be taken.

The Committee therefore has undertaken review of Financial Practices and produced a well-balanced and comprehensive Financial Policy.

Policy Statement

The Management Committee of the Weston Village Hall accept the following statements as their Policy on Financial matters:-

1. The Trustees (i.e. The Management Committee) will manage the assets of the Village Hall in accordance with the Trust Deed governing the conduct of the charity and the Policy Documents agreed by the management Committee.
2. The Committee will protect the assets of the Village Hall by insuring them against all risks with a reputable Insurance Company.
